The results are incredible to say the least.

Now the amazing thing is over 2500 people worldwide have been able to have achieve these types of numbers....even with no prior experience.

And the best part is....**YOU can learn how to do this too.**

\$1000 PER DAY MASTER BLUEPRINT

And when I say that anyone can do this...I'm living proof.

Just 5 short years ago I was a struggling gym owner and I didn't even have an online business.

Times were tough and there were many time I had to choose between paying the bills or paying for groceries.

Not fun.

Then back in 2015 I finally was exposed to the amazing opportunity of having an online business.

And I tried every single way to make money online.

E-Commerce. Email Marketing. Creating my own product.

With everything I tried...I just couldn't crack the code.

I'm sure you can relate?

Then one day I decided to try something completely different.

I decided instead of trying to create my own product, I would try and promote *other people's* products.

And I would do it on a unique traffic source...Facebook.

It took a little bit of trial and error but some crazy things started to happen.

I started making \$100 per day.

Then I started making \$500 per day.

\$1000 PER DAY MASTER BLUEPRINT

Then I started making \$1000 per day.

I continue to dial in this system over the next few years until I started doing numbers like this:

On top of that, I even became the #1 Clickbank Affiliate in the Entire World!

And once again...

\$1000 PER DAY MASTER BLUEPRINT

I did it **without** an email list, my own product, or even a website.

Amazing right?

Now as you are reading this \$1k Per Day Master Blueprint, you are probably thinking about your own personal situation.

Maybe you are in a place where you've tried everything.

Maybe you are in a place where you want to have success online...but you don't know how.

Or maybe you are just getting started and want to make a side income that can turn into a full time income.

And I know by now you are thinking "I want to learn more about this!"

If so...you are in luck.

I'd like to invite you to my upcoming workshop where I'll show you everything you need to make this system work for you.

And it's not just another "training"...this is something that can literally change your life.

[**Click Here To Secure My Spot For Robby's Workshop
"How To Make \\$1000/day with this 3 step system."**](#)

Why This Works So well...

The reason why this system works so well is because I've boiled it down into 3 simple steps for success.

\$1000 PER DAY MASTER BLUEPRINT

Here are the three steps...

Success Step #1: Find High Converting Products

One of the biggest mistakes I see people make when first starting to have success online is they promote the WRONG products.

This is a huge road block.

What is a wrong product to promote?

One that is too narrow in its Market.

For me...it's all about finding products in LARGE markets where there are hundreds of millions of people interested in buying.

Markets like weight loss, Do It Yourself, Wealth Building, Relationships.

These are MASSIVE markets where virtually every person on the planet is interested in.

Think about it...everyone wants to lose weight or be healthier.

And because of that...you just need to find the right product to put in front of them.

FACT: Just finding one winning product in this niche can allow you to make \$5,000-10,000 or higher PER day because the market (and need) is so high.

On the upcoming workshop that you are invited to, I'll be

\$1000 PER DAY MASTER BLUEPRINT

showing you exactly how to find these products, which ones you should focus on and how you can make HUGE commissions from them.

It's so important to know what offers to promote so make sure to register for the workshop below:

[Click Here To Secure My Spot For Robby's Workshop
"How To Make \\$1000/day with this 3 step system."](#)

Now let's talk about the second step for success...

Success Step #2: Find A Massive Traffic Source That Can Bring You A Flood Of New Buyers

Now in every day regular life...I hate traffic.

Heck, it's the reason why I wanted to go online in the first place!

In the online world however...traffic is EVERYTHING.

It is the lifeblood of your success and without it...you are destined to fail.

Of course by traffic...we mean people.

The more people we can get to see an offer that we are promoting, the greater the chances are that we'll get sales.

Now usually a high converting offer will converting around 2-5%.

\$1000 PER DAY MASTER BLUEPRINT

That means out of 100 people that visit the offer, 2-5 of them will buy.

Now say the product is \$50. That means we can make \$100-250 for every 100 people that reach the page!

So with that being said...now the game is to get THOUSANDS of people to reach the page because if you do that...then you are winning big time.

Here's how we make that happen.

Social Media.

Think about it...

Everybody is on social media. Your kids, your parents, your aunt and uncle...everybody.

And because people are on social media...that social media platform knows everything about you.

What you like to do. What your interests are. What makes you tick.

Yes...it's kind of scary, but for us as marketers...it's like having a super power.

Let's say we are promoting a weight loss product.

Ideally we want to put this product in front of people who are interested in losing weight right?

Well with social media (and one platform specifically) you can do

\$1000 PER DAY MASTER BLUEPRINT

that.

You can literally target people who have told this platform they are interested in losing weight.

Crazy awesome.

Why is it crazy awesome?

Simple...when you have a high converting offer and put it in front of people that specifically said they are interested a pain point that the offer has a SOLUTION for.

And when you do that...

You make money. **A LOT of money.**

On the free workshop that I'll be hosting I'll actually be sharing with you what my favorite social media platform is and why I only advertise on it (and why you should too).

You can register for the workshop below:

[Click Here To Secure My Spot For Robby's Workshop
"How To Make \\$1000/day with this 3 step system."](#)

Now before we get to the third step for success, it's important that I reiterate something to you.

And that is that you CAN do this.

You don't need to have any special skills.

\$1000 PER DAY MASTER BLUEPRINT

You don't need to have a lot of time.

You don't have to have any tech skills.

You don't even need to have a huge budget.

As long as you are willing to follow directions and be consistent...you can be on your way to \$1000/day in as little as 30 days.

That's exactly what happened to one of my students, Noel.

She's an army veteran and always wanted to have success online.

She tried lots of other ways to make money like E-Commerce, creating her own product, etc... but just couldn't crack the code.

On top of that she was dealing with some tough personal things including a divorce and wondering how she was going to keep her house.

Noel reached out to me a few months back and after learning about my system, she decided to give it a try.

Well in the few months since she started...she's done some AMAZING numbers.

Check it out on the next page...

\$1000 PER DAY MASTER BLUEPRINT

Noel is now making upwards of \$4700 per DAY and \$20,000 per WEEK.

And her profit margins are almost 80%.

That means on the \$4700 day...she made \$3700+ in PROFIT.

Now the best part about Noel's success is that because of the life changing income she is making from this system, she was able to keep her house.

On top of that...earlier this year she put in her resignation at her 9-5 job!

I love seeing people succeed with this simple system and it just goes to show that anyone can have life changing success.

Alright so now let's talk about the 3rd step to success...

\$1000 PER DAY MASTER BLUEPRINT

Success Step #3: Curiosity May Have Killed The Cat, But It Will Make You A Ton Of Money

One of the biggest mistakes people make online is they try to sell directly from an ad on social media.

Seriously...it drives me crazy!

People will spend all kinds of money, not get any sales and then say “I guess advertising doesn’t work.”

Oh boy.

Listen...it’s so important to remember that when you advertise on a social media platform, approximately 0% went on the platform to buy something.

Think about it...

Have you ever woken up in the morning, rolled over to get your phone from the nightstand and said to yourself...

“I really need to lose weight...I think I’ll log into Facebook and buy a workout program.”

Of course you haven’t...nobody does that.

Why?

Because social media is a place to check on friend, make posts disagreeing with your friend who is on the opposing political party you are on...and to post meme’s of cats.

\$1000 PER DAY MASTER BLUEPRINT

Yet if that's the case...how come myself and my students are able to make thousand of dollars a day on these same platforms?

Simple...I use Curiosity.

Curiosity is one of the most powerful things in the world.

And when used properly, it can be like having a super power.

In fact, if you play your cards right and master curiosity...you can literally force someone to buy without them even knowing you are doing it.

Yes, I know that sounds kind of “woo woo”...but it's true.

So how to we create Curiosity?

Well on social media...it's creating what I call “**open loops.**”

Open Loops are extremely powerful.

Say I were to walk up to you and say “*OMG! Did you hear what happened today?*”

Then I proceeded to stay silent.

What would you do?

You'd probably say “*what happened? TELL ME!*”

And the reason why...subconsciously we are programmed to close open loops.

\$1000 PER DAY MASTER BLUEPRINT

Now online...open loops cause curiosity.

Curiosity causes people to click.

Now here is where it gets fun....

When you do it right and cause a lot of curiosity, that'll cause MORE people to click.

In fact, on many of my ads I can get as high as 15% Click Through Rates while most "normal ads" get 2-3%.

That's HUGE.

I'm able to get 15 out of every 100 people to click as opposed to 2 or 3 out of every 100.

That's 500% more clicks.

Can you see the potential here?

Now on the free workshop that I'll be doing, I'm actually going to share with you a few examples of images and videos that I use to get these kinds of numbers.
